LAB. NO. 90425002 D WW UJ

Examination requested by: Addressee  
Reference: Evidence received April 25, 1989  
Examination requested: Document - Fingerprint  
Specimens received: April 25, 1989

Specimens:

- Q1 Envelope postmarked "FORT WORTH, TX 761 7A PM  
14 APR 1989," bearing hand printed address  
"SENATOR BENTSEN WASHINGTON, D.C. 20510-4301"
- Q2 Accompanying hand printed letter beginning, "BLOODY  
REVOLUTION !! ..."
- Q3 Accompanying newspaper article titled "Puzzle's  
grisly solution shock friends"

Result of examination:

Specimens Q1 through Q3 were searched in the appropriate sections of the Anonymous Letter File without associating them with specimens submitted in other cases. Representative copies have been added to the file for future reference.

A black polyester fiber was found adhering to the stamp on the Q1 envelope. This fiber has been mounted on a glass microscope slide for possible future comparisons.

No watermarks, indented writing or other observable physical characteristics were noted which would aid in determining the source of these specimens.

Re WMFO teletype to Bureau and Dallas 4/21/89.

For information WMFO, investigation within the Fort Worth Resident Agency (FWRA) failed to indicate that Senator LLOYD BENSTEN has any office space in the Fort Worth/Dallas area.

b7C  
b6

United States Postal Inspector [redacted] advised that it is virtually impossible to determine the point of origin of any letter based on the post mark. [redacted] advised that correspondence can be carried from location well outside the city limits of Fort Worth and transported to a bulk mailing station in Fort Worth. The correspondence would then be stamped with the post mark Fort Worth.

In the absence of any additional leads, Dallas considers this matter RUC.

Consider armed and dangerous in view of nature of threat.
